

ThermoProtect straightener

- ThermoProtect technology
- Ionic care for shiny hair
- Keratin-infused plates
- 6 LED temperature settings

BHS378/03

Smooth and shiny hair with ionic care and control

Specially designed for easy and fast styling with long Keratin-infused plates and 6 LED temperature settings. Care for your hair with ThermoProtect technology preventing overheating and to give your hair vibrant shine with ions.

Benefits

Beautifully styled hair

- Ionic care for shiny, frizz-free hair
- Temperature range from 160°C up to 230°C

Ease of use

- 100mm long plates for fast and easy straightening
- 6 LED temperature settings for precise control
- Auto shut-off for safe usage
- Key-lock function for safe and easy storage

- Universal voltage for worldwide use
- Fast heat-up time, ready to use in 30 sec

Care for your hair

- Keratin ceramic plates for smooth gliding and shiny hair
- ThermoProtect technology

Features

100mm long plates

The longer 100mm plates enable better contact with the hair to help you achieve perfect straightening results easier and in less time.

PHILIPS

StraightCare Essential

6 LED temperature settings

Variable settings from 160°C-230°C with clear LED indication for precise control. Lower temperatures for last minute touch ups and gentle styling. Higher temperatures for long lasting results. Enjoy precise styling for protected hair.

Auto shut-off

The styler has an automatic shut-off function for safe usage. It automatically switches off after 60 minutes.

Ionic care

Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth, frizz-free hair with vibrant shine.

Keratin ceramic plates

Keratin-infused ceramic plates glide smoothly through your hair, for quick and easy styling.

Specifications
