- Optimize your brushing with SmarTimer and QuadPacer

Protects your gums

- Pressure Sensor helps protect your teeth and gums

Provides superior clean

- Our unique technology brings you a powerful yet gentle clean
- Removes up to 7x more plaque* vs a manual toothbrush

Highlights

Removes up to 7x more plaque*

Sonicare electric toothbrush with advanced unique technology is clinically proven to remove up to 7x more plaque from your teeth and along the gum line while protecting your gums.

Protects your gums

Built-in pressure sensor automatically detects pressure you apply, warns you, and reduces the toothbrush vibrations automatically to help protect your gums. The toothbrush will make a pulsing sound as a reminder to ease off the pressure. 7 out of 10 people found this feature helped them become better brushers.

SmartTimer and QuadPacer

2 minute SmartTimer and 30-second QuadPacer guide you to brush for the recommended time in all areas of your mouth to ensure a complete clean.

Advanced Sonicare Technology

Powerful bristle vibrations drive microbubbles deep between your teeth and along your gum line for a refreshing experience. You will get two month's worth of manual brushing in just 2 minutes.** 31000 brush strokes per minute gently clean your teeth, break up plaque, and sweep it away for an exceptional daily clean.

BrushSync replacement reminder

All brush heads wear out over time, so you'll want to keep an eye on yours to make sure you're still getting a great clean. Our BrushSync

technology tracks how long you've been using your brush head for, and how hard you've been brushing. The BrushSync replacement reminder on your handle and a short beep gives you a heads up when it's time to replace it.

2 intensity settings

Switch between 2 intensity settings to make the brushing session comfortable for you.

Long lasting battery life

Battery life lasts up to 14 days so you can go long periods without charging.

Goodbye adapter. Hello USB.

Power adapters may seem small, but added together, their plastics make a huge impact on the environment. By switching to USB charger in our Philips Sonicare 1000-4000 Series alone, we can use up to 189,210 kg less plastic every 4 years. That's powerful, right?

Specifications

Power

Voltage: DC5V

Technical specifications

Battery: Rechargeable

Operating time (full to empty): 14 days*****

Battery type: Lithium ION

Design and finishing

Color: Black

Service

Warranty: 2-year limited warranty
