

Philips
Bagless vacuum cleaner

ParquetCare

FC8264/01

Keep it out of sight!

Ultra-compact, with storage box

Thanks to its ultra-compact design, this vacuum cleaner is lightweight and easy to store away. A convenient plastic storage box neatly stores the vacuum and cleaning accessories after use. The cyclonic dustbin saves the use of a dust bag.

Clean air in your home

- HEPA filter for excellent filtration of the exhaust air

High cleaning power

- 1600-Watt motor generating 300 Watts max. suction power

Multiple storage solution

- Durable and hygienic plastic box

The right suction power for every surface

- Electronic power control

No dust bag required

- Cyclonic dustbin 1 litre

PHILIPS

Highlights

Durable and hygienic plastic box

The tailor-made storage box has a partition to store the hose and a tray to store the nozzle, tube and accessories above the vacuum cleaner. Other cleaning equipment, such as cloths, sprays etc., can be stored inside as well. The box has a flat cover to allow storage of other things on top.

1600 Watt motor

Efficient 1600 Watt motor generates 300 Watt max. suction power for a good cleaning result.

Cyclonic dustbin 1 litre

Cyclonic dustbin 1 litre

HEPA filter

This HEPA filter catches harmful microscopic vermin that cause respiratory allergies. To maintain effective filtration, replace the HEPA filter every 6 months.

Additional parquet nozzle

Additional parquet nozzle

Electronic power control

The electronic power control on the appliance makes it possible to select the right suction power for the surface you are vacuuming.
