Highlights

TripleTrack blades

The TripleTrack heads - with their 3 rings of shaving blades - cover 50% more skin surface at a time. The DualPrecision slots and holes let you shave both long hairs and stubble in comfort.

Pivot, Flex & Float

The heads flex to stay in close contact with your skin, and pivot to add an extra dimension of movement - all of which gives you a close, fast and comfortable shave.

DualPrecision blades

DualPrecision blades comfortably shave both long hairs and short stubble. 1. Slots cut long hairs. 2. Holes cut stubble.

Super Lift & Cut action

The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.

Jet Clean system

The Jet Clean system keeps your shaver in perfect condition for a superior shave day after day. It thoroughly cleans and lubricates the blades and heads, and also fully charges the shaver in only 1 hour. The pack includes 1 bottle of Jet Clean solution, for up to one month's cleaning. Jet Clean solution is a water-based cleaning fluid that thoroughly cleans and also lubricates the shaving heads - making every shave feel like the first.

Pop-up trimmer

Complete your look by using the pop-up trimmer. Perfect for maintaining a moustache and trimming sideburns.

60+ shaving minutes

An energy-efficient, powerful and long-lasting lithium-ion battery gives you more shaves per charge. Charge it for an hour, and you'll have 60+ minutes of shaving time - that's around 20 shaves. The shaver automatically adjusts its power to suit the way you shave, so your actual shaving time may vary. Charge it for 3 minutes and you'll have enough power for one shave.

Efficient power System

Can be used corded and cordless
