Highlights

Professional 2000W

This 2000W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Professional AC motor

This type of motor is specially developed for the professional market and brings you several benefits. Most important, it has a longer lifespan than usual motors which lengthens the lifetime your hairdryer by 50%. On top of this, it also has an extra powerful airflow for fast and effective drying.

Six flexible speed and temperature settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

Ceramic element

The ceramic element is included to prevent overdrying. It issues infrared heat, which has a gentle warmth which helps dry your hair from within and protects it from overdrying, without compromising on speed and effectiveness.

Ion conditioning

Ion conditioning for shiny, frizz free hair

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

2.5m cord

The longer length results in improved flexibility and ease of handling, so you can use it anywhere you want.
