Comfortable ironing

- SteamGlide soleplate is Philips premium soleplate
- Ergonomically and lightweight 1.2kg iron

Save energy consumption

- Save 20% energy and 40% water consumption

PHILIPS

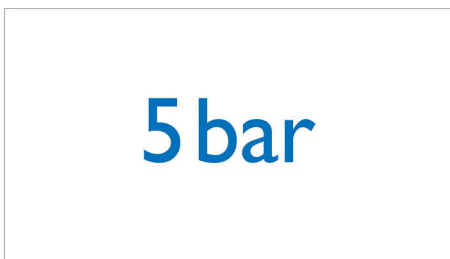

Highlights

Auto Calc-Clean function

The Auto Calc-Clean function automatically cleans your ironing system from calc. A 2-minute scale removal cycle is activated automatically when it is time to clean your system. All you have to do is empty the detachable rinse tank. It keeps your system as new and powerful as the day you bought it.

Up to 5 bar pressure

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

Continuous steam

The more steam, the faster the ironing. The unique technology in a Philips steam generator

iron generates powerful steam making ironing easier, better and faster.

Steam boost up to 200 g

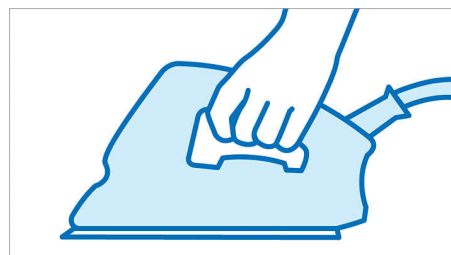

The steam boost can be used for vertical steaming and tough creases.

Automatic cord winder

Thanks to the automatic cord winder, you can just press the button to automatically retract the powercord.

Ergonomic iron

The ergonomic design of the iron facilitates comfortable ironing by putting less strain on the wrist. The upward sloping handle ensures a natural position reducing strain during ironing. The iron design also prevents the repetitive movements caused by placing an

iron on its heel. The iron is light (1.2kg) for an easy & comfortable ironing experience.

SteamGlide soleplate

SteamGlide soleplate is the best Philips soleplate for your steam iron. It has great scratch resistancy, glides excellent and is easy to clean.

Eco-setting

Save 20% energy and 40% water consumption by selecting the eco-setting on your Philips Iron. The eco-setting offers the most energy efficient way to obtain perfect ironing results.

Specifications

Calc management

- Calc clean reminder
