Highlights

Unique OneBlade technology

The Philips OneBlade has a revolutionary technology designed for facial styling and body grooming. It can trim, edge and shave any length of hair. Its dual protection system – a glide coating combined with rounded tips – makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (200x per second) so it's efficient – even on longer hairs.

Trim it down

Trim your beard with one of the 3 stubble combs (1, 3, and 5 mm) and your body with the body comb (3 mm) in any direction.

Edge it up

Get the perfect lines in seconds with the dual-sided blade, enabling you to see every hair you're cutting.

Shave it off

The OneBlade doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and easily shave off any length of hair with this sensitive skin hybrid styler. Includes two blades – one for face, and one for body.

Dual-sided blade

Easily shave and trim to the contours of your face. The dual-sided blade for face allows you to style your edges and create clean lines in all directions.

3 click-on stubble combs

Get your preferred stubble length using one of the 3 included stubble combs at 1, 3 or 5mm.

Durable OneBlade

Durable Philips OneBlade that you only need to replace every 4 months* for optimal performance.

Long lasting battery

A single charge takes 8 hours, and delivers 45 minutes of constant performance.

Guard

Attach the skin guard for an extra layer of protection on sensitive areas.

Click-on body comb

Simply attach the 3mm body comb to trim in any direction.
