- Fast heat up time, ready to use in 30 seconds
- Automatic shut-off after 60 min
- Ready to use indicator
- Easy lock for convenient storage
- Swivel cord to prevent tangled wires
- 1.8 m power cord
- Universal voltage

Highlights

Wide plates

These extra wide straightening plates have been designed specifically for thick or long hair. The increased plate width can straighten more hair in one go and will help to reduce the time taken.

Ceramic plates

Ceramic is microscopically smooth and durable by nature and it is one of the best materials for straightening plates. The plates glide effortlessly through your hair, giving you perfect shiny hair.

Safe usage

Some hair straighteners and curling irons have been equipped with an automatic shut-off feature. This feature has been designed to provide peace of mind. If left on, the appliance will automatically switch off after 60 min.

220°C professional temperature

This high temperature enables you change the shape of your hair, and gives you that perfect look like you've just come from the salon.

Digital heat settings

Digital heat settings make it easy to quickly choose the function you need or adjust the styling temperature using the digital display. This enables you to select the perfect temperature for your specific hair and needs. The result is perfect styling at the touch of a button.

Easy lock

Easy lock for convenient storage

1.8 m cord

1.8 m power cord

EHD+ technology

Advanced Philips EHD+ technology means that your styler will always distribute the heat very evenly - even at high temperatures, and prevents damaging hot spots. This gives added protection and thus helps to keep your hair healthy and shiny.

Universal voltage

Worldwide voltage for getting the perfect travel companion

Instant heat up

The straightener has a fast heat up time, being ready to use in 30 seconds
