

Philips EasySpeed
Steam iron

1800W
20 g/min steam
70g steam boost

GC1020/79

Fast, from start to finish

3 ways to speed up your ironing

This EasySpeed iron speeds up your ironing thanks to: triple precision tip, even heat distribution across the soleplate and continuous steam.

Comfortable ironing

- Triple precision tip for optimal control and visibility
- Even steam distribution for efficient ironing
- A fine spray evenly moistens the fabric

Longer lifetime

- Calc clean slider to easily remove scale out of your iron

Easily removes creases

- Continuous steam up to 20 g/min for better crease removal
- Non-stick soleplate coating
- Steam boost up to 70g
- Power up to 1800 W enabling constant high steam output

PHILIPS

Steam iron
1800W 20 g/min steam, 70g steam boost

GC1020/79

Highlights

Power up to 1800 W

Power up to 1800 W enables constant high steam output.

Steam boost

The iron's 70 g steam boost enables you to easily remove even the most stubborn creases.

Continuous steam up to 20g/min

Continuous steam up to 20 g/min for better crease removal.

Non-stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for good gliding performance on all fabrics.

Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

Even steam distribution

Thanks to the carefully crafted soleplate design, the steam is distributed evenly across the soleplate. This way you need less strokes to evenly moisten the garment and therefore less time to complete the ironing.

Spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.
