Highlights

Delicious coffee crema layer

The fine SENSEO® coffee selection and the unique SENSEO® brewing system make sure that your perfect cup of coffee always comes with a rich and delicious coffee foam layer - proof of premium taste and quality.

Decalcification indicator

The SENSEO® coffee maker reminds you when to descale. Descale with SENSEO® Descale every 3 months to keep your appliance limescale free; ensuring: maximal in-cup volume; perfect coffee temperature, and; the appliance's durability. Do not use vinegar, as it might damage your SENSEO® appliance and affects the coffee taste.

Adjustable real metal spout

Adjust the spout's position to fit your favourite cup or mug

Variety of blends and flavours

SENSEO® has a vast variety of different coffee blends and flavours. Each blend has its own distinctive taste to fit your personal preference.

1 or 2 cups at the same time

Prepare 1 or 2 cups of your delicious SENSEO® coffee in less than a minute.

Automatic shut-off

The SENSEO® coffee maker automatically shuts off after 30 minutes after making coffee, for energy cost saving and appliance safety.

Machine is tested >10,000 times

Philips tests its coffee makers during the development process with more than 10,000 cups of coffee. This ensures high quality and durability

Unique brewing system

At SENSEO® we know how to get the best out of the coffee bean to make great tasting single-serve coffee. The operation of the SENSEO® system is simple and brilliant. Water is pumped from the boiler to the coffee pad. The hot water releases the aroma from the pad and gives a perfect cup of coffee. SENSEO® always offers you quality that you can taste.

Direct start

When pressing the 1 or 2 cup button, while the appliance is heating-up, SENSEO® automatically starts brewing your delicious SENSEO® coffee.
