Whiter, healthier teeth

The ultimate toothbrush for whiter teeth

Everybody loves a bright white smile. Let the natural whiteness of your teeth shine through. Sonicare HealthyWhite electric toothbrush is proven to remove everyday stains in just two weeks, with the regular use of the Clean & White Mode.

Proven to improve oral health

- Clinically proven safe and gentle
- Naturally whiter teeth with patented sonic technology
- Improves gum health in only two weeks

Guides you to follow dental recommendations

- Quadpacer interval timer encourages thorough brushing
- Two-minute timer helps ensure recommended brushing time

Provides a superior clean

- Angled brush head neck for better reach to back teeth
- Sonicare dynamic cleaning action drives fluid between teeth
- Removes up to 7x more plaque than a manual toothbrush

Offers a customized brushing experience

- Easy-start program to acclimate to the Sonicare experience
- Clean and White Mode: proven to remove stains
- Sensitive Mode: Gentle teeth and gum cleaning

Highlights

Up to 7x better plaque removal

Removes up to 7x more plaque than a manual toothbrush for a superior clean

Improves gum health

This Philips Sonicare electric toothbrush provides optimal cleaning between teeth and along the gumline for improved gum health in just two weeks.

Naturally whiter teeth

The dynamic cleaning action of this toothbrush and the direct broader contact with each tooth, has proven to remove everyday stains, to help keep teeth naturally whiter.

Clean and White Mode

2 minutes of Clean mode with an additional 30 seconds of White mode to focus on the visible front teeth. Removes everyday stains, such as coffee, tea, tobacco and red wine. Whitens teeth by 2 shades in just 2 weeks.*

Gentle teeth and gum cleaning

Philips Sonicare toothbrush with Sensitive Mode: Gentle, yet thorough cleaning for sensitive gums

Sonic technology

Our sonic technology creates a unique dynamic cleaning action that drives fluid deep between teeth and along the gumline for a thorough-yet-gentle clean

Angled brush head neck

The uniquely angled brush head neck of this toothbrush head makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

Safe and gentle

Philips Sonicare is a gentle electric toothbrush for braces (brush heads wear out sooner when used on braces), and is safe for dental restorations (fillings, crowns, veneers) and periodontal pockets, too.

Easy-start program

Gently increases power over first 14 uses to ease into the Philips Sonicare electric toothbrush experience
