Highlights

Fills in less than 10 seconds

When you dock your handle, the Fill and Charge station quickly fills the handle with mouth wash. No more juggling bottles and worrying about spills.

Up to 2 weeks of mouth wash

No more need to deal with daily handle spilling from a bottle or worry about spills. The Fill and Charge station holds several weeks of mouth wash to simplify your daily routine.

Keeps your handle charged

The Fill and Charge station keeps your docked handle charged and also works with many Philips Sonicare toothbrush handles as well.

On-the-go

Your AirFloss Pro/Ultra handle battery lasts up to 2 weeks between charges. For extended travel, simply remove the travel charger from the base of the Fill and Charge station. The charger can also be used for many Philips Sonicare toothbrush handles.

25% smaller than WaterPik*

The Fill and Charge station is designed to be attractive, compact and minimalistic to fit your bathroom counter and décor.
