Easy to clean and maintain

- Ergonomic in day to day operation

Set the beverages to suit your taste

- Adjustable drip tray

 **Saeco**

Highlights

Descaler Warning

Dedicated led to advise the end user that the machine needs to be descaled

Classic milk frother

This Saeco espresso machine comes with the classic milk frother, which baristas call "Pannarello". It dispenses steam and needs to be immersed in the milk to prepare gorgeous milk foam. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

Removable brewing group

The brewing group, a Saeco invention, is the heart of our espresso machines, ensuring

automation. The brewing group is, depending on the model, easily accessible from the front or side. It can be removed effortlessly for easy cleaning by rinsing under the tap, ensuring maximum hygiene.

Cup lift

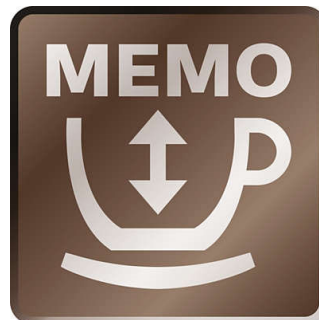

Manually adjustable drip tray to fit every cup size underneath the coffee dispenser

Ergonomic day to day

Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box or the drip tray, all compartments of the full automatic coffee machine are directly accessible.

Saves your coffee length

You will always get a perfect cup of espresso brewed according to your personal preference thanks to our memo function, which allows you to adjust the coffee length to suit your taste. Enjoy a superb coffee drink at the touch of a button.

Metal grinders

Our metal grinders always guarantee impeccable grinding.

Specifications

Weight and dimensions

- Product dimensions (L x D x H): 292 x 381 x 368 mm
- Coffee bean capacity: 180 g
- Product weight: 8.5 kg
- Waste container capacity: 14 serv
