Highlights

Our most advanced system

The flexing curved blades are 75% more efficient than traditional ladyshave blades*. Under the protective foil, they follow your contours for our closest ever shave.

Multiflex head with dual foils

As you guide the shaver over your body, the multiflex head with floating foils and flexing neck moves with you to keep optimal skin contact. The dual shaving foils ensure there are fewer hairs missed.

Soft-touch comfort cushions

The soft-touch comfort cushions either side of the shaving head deliver a smooth pass and a gentle skin feel, especially in curvy areas.

Pearl-tips and safety bars

The rounded pearl tip trimmer and the safety bars under trimmer protect your skin from scratches for a comfortable shave.

Wet & dry use

For a gentle and comfortable use during your shower or bath routine with anti slip grip for optimal wet & dry use.

Battery indicator light

Battery indicator light shows when your shaver is charging, full or low battery.

Ergonomic S-shaped handle

The ergonomic S-shaped handle is easy to steer for maximum control and better reach with natural and precise movements, all over your body.

Quick charge

5 minute quick charge for a full shave.
