Highlights

Smart Power Control

Philips's smart motor control adjusts the shaver power automatically for a consistent shave always so there is no pulling of hair, even on denser hair.

5 Directional Flex Heads

The heads of the shaver float and flex in 5 different directions for optimal contact with your skin, ensuring a comfortable shaving experience.

PowerCut Blade

The unique blade system with curved slots gives better hair catching and ensures a clean result in fewer passes.

50 minutes of cordless shaving

Shave cordlessly for up to 50 minutes after an 1-hour charge. This shaver only operates in cordless mode.

5-minute quick charge

In a hurry? Just plug in your shaver for 5 minutes and get enough power for 1 full shave.

Shave wet or dry

A wet and dry shaver that adapts to your preference. Choose a convenient dry shave, or pair with your favourite foam or gel for a refreshing wet shave.

3-level battery indicator

See how much power your shaver has left. The 3-level battery indicator shows when the battery is full, running low, or if it's charging.

Ergonomic design

Handle your Philips shaver with confidence thanks to an ergonomic design created for optimum grip.

Pop-up trimmer

Refine and define your mustache and sideburns with the pop-up trimmer—and complete your look with ease.

Turbo Mode

Shave even faster through dense parts of your beard with the 10% extra power boost you get by activating Turbo mode.

IPX7 water-resistant

An electric shaver you can clean without worry. The IPX7 rating means it can be safely submerged in up to 1 metre of water for up to 30 minutes.
