Trim, edge and shave any length of hair
Designed to cut hair, not skin

The Philips OneBlade is a revolutionary new hybrid styler that can trim, shave and create clean lines and edges, on any length of hair. Forget about using multiple steps and tools. OneBlade does it all.

Easy to use
- Each blade lasts 4 months
- Use wet or dry
- Charge up and go
- LED digital display shows status of battery and travel lock

Comfortable shave
- Unique OneBlade technology
- Shave it off
- Follows your facial contours

Sharp edges
- Edge it up
- Create precise edges & sharp lines with the dual-sided blade

Even trim
- Trim it down
- Get the exact length you're after
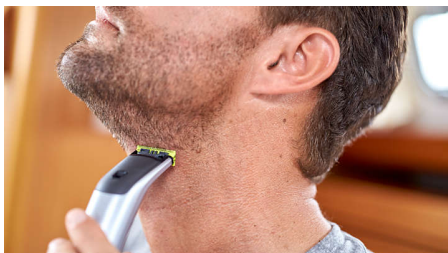

Highlights

Unique OneBlade technology

Designed for facial styling and body grooming, the Philips OneBlade trims, edges and shaves any length of hair. It delivers an easy and comfortable shave thanks to a glide coating and rounded tips. And with a cutter that moves at 200 x per second, it's efficient even on longer hairs.

Trim it down

Trim your beard to an even length with the included adjustable precision comb. Dial up one of the 14 lock-in length settings to get everything from a 5 o'clock shadow, to a tight trim, to a longer beard style.

Edge it up

Get precise lines in seconds with the dual-sided blade that enables you to see every hair you're cutting.

Shave it off

The OneBlade shaver doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and shave off any length of hair easily.

Contour following

The Philips OneBlade razor follows your facial contours allowing you to effectively and comfortably trim and shave all areas of your face.

Dual-sided blade

OneBlade follows the contours of your face, allowing you to effectively and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

### 14-length precision comb

A wet and dry shaver that allows you to trim to your preferred hair length with 14 different settings from 0.4 mm to 10 mm.

Durable OneBlade

Easily replace your blade once every 4 months* for optimal performance. A green usage indicator will appear once the blade is worn out.

Wet and dry

Use this waterproof razor at the sink or take it with you into the shower. The OneBlade wet and dry razor is easy to clean and can be used with or without foam.

LED digital display

Be sure that your OneBlade is always ready to go by checking the LED digital display. It alerts you during use if your battery is low, and it indicates charging progress when plugged in. Activate the travel lock to take the OneBlade anywhere you go.

90 min Li-Ion battery

A single charge takes 1 hour, and delivers 90 minutes of constant performance.

Specifications
