Highlights

High-performance vacuum system

The high-performance vacuum system of the Philips beard trimmer 7000 provides 50% stronger, improved airflow* to capture up to 95% of cut hair**, and give you a mess-free trim.

Lift & Trim PRO system

Stubble doesn't stand a chance. The Lift & Trim Pro system captures all your low-lying hairs and lifts them up towards the blades for a precise cut — plus it's still an ideal trimmer for long beards.

Self-sharpening metal blades

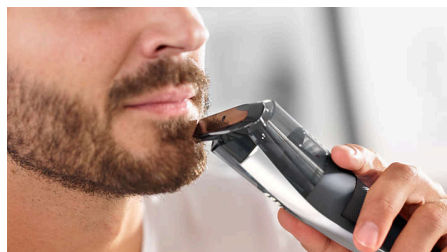

Suitable for even the thickest hair, the double-sharpened blades guarantee precision edges and superior trimming every time. No oil or replacement blades required.

20 lock-in length settings

Cut to the exact length you're after. Just spin the precision dial to one of 20 length settings between 0.5 – 10 mm in 0.5 mm increments.

Precision trimmer

Add extra definition to the details, even in hard to reach areas, with the click-on precision trimmer.

Digital LED display

Turn the zoom wheel on your Philips vacuum beard trimmer to view the selected length setting on the LED display. Simple.

Up to 100 min Li-ion power

Use this Philips trimmer for men with or without a cord. Get up to 100 minutes of cordless trimming time from a full 1 hour charge, or charge for 5 minutes for a quick trim.

3 level battery indicator

See how much power your trimmer has left. The 3 level battery indicator shows when the battery is full, running low or if it's charging.

Highlights

Easy to clean

Detach the head of your Philips beard trimmer and rinse it under the tap for easy cleaning. Then dry it before you put it back on the appliance.

Built to last
