- Professional 1875 W for perfect salon results
- Straightening comb catches and guides the hair easily
- Ceramic Nano-Silver plates for gentle styling and ultra shiny fresh finish

Less Hair Damage

- Ion conditioning for shiny, frizz-free hair
- EHD+ technology for more protection and shinier results

Long-lasting styles

- Tourmaline and flock guiding for extra shine

Highlights

Ceramic Nano-Silver plates

Ceramic Nano-Silver plates for gentle styling and ultra shiny fresh finish

1875 W

This 1876 W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Straightening comb

The airflow is directed on to the comb as it glides through the hair to achieve beautiful straight results easier than ever. The comb can be used for precision straightening or for adjusting.

Six flexible speed and temperature settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

Narrow concentrator

The concentrator of the hair dryer works by focusing the flow of air through the opening onto specific areas. This results in precise styling and is great for touch-ups or to finish a hair style.

EHD+ technology

Advanced Philips EHD+ technology means that your styler will always distribute the heat very evenly – even at high temperatures, and prevents damaging hot spots. This gives added protection and thus helps to keep your hair healthy and shiny.

Ion conditioning

Give your hair an instant boost with ionic conditioning. Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is hair that is beautifully shiny, smooth and frizz-free.

Tourmaline and flock guiding

Tourmaline and flock guiding for extra shine

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

3 m cord

The longer length results in improved flexibility and ease of handling, so you can use it anywhere you want.

Removable air inlet grill

The air inlet grill of this hairdryer can be removed for cleaning. Remove and clean regularly to prevent build-up.
