- Specially designed for Asians
- Coolshot for seal in shine and fix your style

#### Less Hair Damage

- EHD+ technology for more protection and shinier results
- Optimal drying temperature with ThermoProtect temperature

# Highlights

## Specially designed for Asians

Specially designed for Asians

## 1600W for gentle drying

This 1600W hairdryer creates the optimum level of airflow and gentle drying power, for beautiful results every day.

## EHD+ technology

Advanced Philips EHD+ technology means that your dryer will always distribute the heat very evenly - even at high temperatures, and prevents damaging hot spots. This gives added protection and thus helps to keep your hair healthy and shiny.

## Six flexible speed settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

## Foldable handle

This hairdryer benefits from a foldable handle. The result is a small, compact hair dryer that will easily pack into the smallest spaces and you can take virtually anywhere.

## Coolshot

Coolshot for seal in shine and fix your style

## Compact design

Compact and ergonomic, this hairdryer benefits from a clever modern design. This results in a dryer that is light and easy to handle yet small enough to store virtually anywhere.

## 1.5 m power cord

1.5 m power cord

## Narrow concentrator

The concentrator of the hair dryer works by focusing the flow of air through the opening onto specific areas. This results in precise styling and is great for touch ups or to finish a hair style.

## Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

## ThermoProtect temperature

The ThermoProtect temperature provides the optimal drying temperature and gives additional protection from overheating the hair.
