Beautifully styled hair

- 1800W for beautiful results
- 6 flexible speed and temperature settings
- Narrow concentrator for focused airflow
- Cool Shot sets your style

Less Hair Damage

- Ion conditioning for shiny, frizz free hair

Highlights

1800W

This 1800W hairdryer creates the optimum level of airflow and drying power, for beautiful results every day.

Ion conditioning

Ion conditioning for shiny, frizz free hair

6 flexible settings

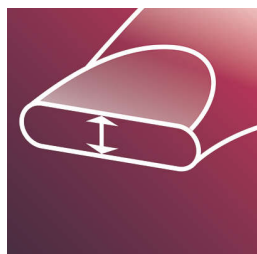

6 flexible speed and temperature settings

Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

Narrow concentrator

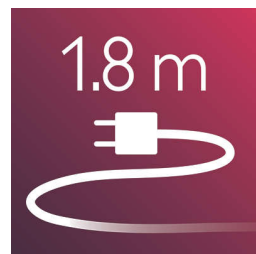

The concentrator works by focusing the flow of air through the opening onto specific areas. This results in precise styling and is great for touch ups or to finish a style.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.
