Highlights

V-Track Precision PRO Blades

Get the perfect close shave. The V-Track Precision PRO Blades gently position each hair in the best cutting position on 3 day stubble, even flat-lying hairs and hairs of different lengths. Cuts 30% closer in fewer strokes, leaving your skin in great condition.

72 self-sharpening blades

72 self-sharpening blades. 151,000 cuts per minute. Zero hairs left standing—no matter which direction they're growing in.

8 direction ContourDetect Heads

Follow every contour of your face and neck with 8 directional ContourDetect heads. You'll catch 20% more hairs with every pass, resulting in an extremely close, smooth shave.

Personal comfort settings

Choose between 3 modes to customise your shave: Sensitive — for a gentle yet thorough shave. Normal — for a thorough, everyday shave. Fast — for a quick shave that saves you time.

Aquatec Wet & Dry

Choose how you prefer to shave. With the Aquatec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet — with gel or foam — even under the shower.

60 min Cordless Shaving

You'll have 60 minutes of running time - that's about 20 shaves - on a one-hour charge. This shaver only operates in cordless mode.

1 hour charging time

Shave longer with every charge, thanks to our powerful energy-efficient, long-lasting lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave.

Fully washable shaver

Simply open the shaver head to rinse it thoroughly under the tap.

SmartClick precision trimmer

Click on our skin-friendly precision trimmer to finish your look. It's ideal for maintaining your moustache and trimming your sideburns.
