Hairdryer

SalonDry Pro

2200 W

HP4991/00

The dryer that hairdressers would use at home

SalonDry Pro 2200 W

Want to dry your hair like the professionals? The SalonPro – with 2100 W of superior drying power – is the hairdryer you need if you're looking to recreate that salon style blow dry.

Easy to use

- Salon length 3 m power cord for maximum flexibility
- Removable air inlet grill for easy cleaning
- Easy storage hook for convenient storage

Beautifully styled hair

- Six flexible speed and temperature settings for full control
- Ceramic volume diffuser for additional protection and volume
- Ultra narrow concentrator for precise styling
- Professional 2200 W for perfect salon results
- Cool Shot sets your style

Less Hair Damage

- More Care with ion conditioning for shiny, frizz-free hair
- More Care with ceramic elements, providing far-infrared heat

Highlights

Six flexible speed and temperature settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

Ultra narrow concentrator 15 mm

The concentrator works by directing the flow of air through the ultra-narrow opening on to specific areas. This results in very precise styling and is great for adjusting or finishing a style.

Ceramic volume diffuser

The volume diffuser dries hair quickly and evenly to minimise frizz and add volume. The diffuser is coated in high quality ceramic. This helps to protect the hair and adds softness and shine, making it perfect for creating healthy looking curls and bouncy styles.

Professional 2200 W

This 2200 W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Cool Shot

A must-have professional function for hair stylers. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

3 m cord

The longer length results in improved flexibility and ease of handling, so you can use it anywhere you want.

Removable air inlet grill

The air inlet grill of this hairdryer can be removed for cleaning. Remove and clean regularly to prevent build-up.

More care with Ceramic element

The ceramic element issues far-infrared heat, which has a gentle warmth that helps dry your hair from within and protects it from overdrying, without compromising on speed and effectiveness.

Ionic Care

Ionic conditioning enables anti-static drying. Charged negative ions eliminate static hair, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth and frizz-free hair that shines beautifully.
