BT5522/13

## Advanced precision

### Ultimate control for beard and hair

The Philips Beard Trimmer 5500 is a premium beard and stubble trimmer that also cuts hair. Designed for an even trim from any angle, featuring 40 adjustable lengths. DualCut steel blades and 120 minutes of Lithium-ion runtime.

#### Easy to use

- Easy but thorough cleaning
- Warranty for purchase protection
- Lights indicate when battery is low, empty, full or charging
- 120 min runtime after a 1 hour charge or plug it in

#### Even trimming results

- Trims evenly and captures low-lying hairs
- Self-sharpening blades for zero maintenance
- The precise beard trimmer for perfect edges

#### Precise styling

- Extra adjustable hair combs
- A precision step to match every beard
- Adjusts to different length settings

# Highlights

## Lift & Trim PRO system

Stubble doesn't stand a chance. The Lift & Trim Pro system captures all your low-lying hairs and lifts them up towards the blades for a precise cut — plus it's still an ideal trimmer for long beards.

## Self-sharpening metal blades

Suitable for even the thickest hair, the double-sharpened blades guarantee precision edges and superior trimming every time. No oil or replacement blades required.

## 40 lock-in length settings

Cut to the exact length you're after. Just spin the precision dial to one of 40 length settings between 0.4-10 mm in 0.2 mm increments.

## Customisable precision

Personalise your grooming routine with precise-styling steps to suit every beard. There are 0.2 mm steps between 0.4-2 mm for short beard styling, 0.5 mm steps between 2-5 mm to achieve an even 3 day beard and 1 mm steps above 5 mm for long beard maintenance.

## Precision trimmer

Add extra definition to the details, even in hard to reach areas, with the click-on precision trimmer.

## 100% waterproof

The 100% waterproof beard trimmer, simply rinse it under the tap for a thorough, easy clean.

## Battery indicators

The battery indicators in this trimmer let you know what your battery status is: low, empty, charging or full. This way, you can fully charge your trimmer on time, so you won't end up with an empty battery in the middle of your trim.

## Built to last

All of our grooming products are built to last. They come with a 2 year warranty, never need to be oiled and are compatible with any voltage worldwide.

## 120 min Li-ion power

The advanced Li-ion battery provides 120 minutes of powerful, cordless use after 1 hour of charging. You can also use your trimmer plugged in or use the quick-charge function to get one full trim after just 5 minutes of charging.

## Extra adjustable hair combs

The trimmer comes with 2 adjustable hair combs: from 0.4-10 mm, and from 10.4-20 mm

# Specifications
