- Detail shaver for perfect lines and contours
- 3 precision combs for an even trim of facial hair

Multigroom series 1000

Ultra-precise beard styler

MG1100/16

Highlights

DualCut precision trimmer

The 21-mm precision trimmer helps you trim evenly and shape your facial style (stubble, goatee, sideburns, neckline or moustache) with great control and visibility.

DualCut Technology

Advanced DualCut Technology combines a double-sharpened cutting element with low-friction engineering.

Skin-friendly detail shaver

The skin-friendly 21-mm detail foil shaver is designed to fit into small spaces with more precision than a blade, for a clean shave even in hard-to-reach areas.

3 precision combs

Trim and maintain the uniform length of your stubble, beard, goatee, sideburns and moustache with the 1-mm, 3-mm and 5-mm click-on precision combs.

100% waterproof

This 100% waterproof beard trimmer can simply be rinsed under the tap for a thorough, easy clean.

Brush

The brush keeps the blade clean after use.

Soft rubber grip

The textured handle gives you better grip and control when using your nose trimmer for men, and the on/off switch is positioned for easy operation.

Lithium battery included

Start using your ear and nose trimmer straight away, with the AA battery included in the box.

2-year worldwide guarantee

All of our grooming products are built to last. They come with a 2-year warranty and never need to be oiled.

No oil needed, ever

No need to oil ever, for easy maintenance.
