Replacement electric shaver heads

SH50/50

## Highlights

### Compatible with S5000 & S6000

SH50 replacement heads are compatible with Shaver series 5000 (S5xxx) excluding S55xx, Shaver series 6000 (S6xxx), AquaTouch (AT8xx, AT7xx, S5xxx) and PowerTouch (PT8xx, PT7xx).

### Replacement reminder

The latest Philips shavers have an inbuilt replacement reminder in the form of a shaving unit symbol. This symbol will light up and indicate when to replace the shaving heads.

### Simple replacement

1. Open the shaver by pressing the "release" button; 2. Remove the retaining rings by turning them anti-clockwise; 3. Take out the old shaving

heads and carefully insert replacements; check that the heads align exactly in the setting; 4. Replace the retaining rings and secure them by turning the lock clockwise; 5. When you close the shaving head properly, you will hear it click into place.

### How to reset your shaver

After replacing the shaving heads, you can reset the replacement reminder by pressing the on/off button for more than 7 seconds. Otherwise, the replacement trigger will turn off automatically after 9 successive shaves.

### Reset your shaver to new

To get back to 100% performance, replace your shaving heads every 2 years.

### MultiPrecision blades

Get a shave that's fast and close. Our MultiPrecision blades raise and cut all hairs and remaining stubble – all in a few strokes.

### Super Lift & Cut Action

Shave closer with the dual-blade Super Lift and Cut action. The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.
