Exceptionally close, incredibly gentle with SkinIQ Technology

Experience an incredibly smooth and close shave - even on 7 day beards, with Philips S9000 Prestige. Equipped with SkinIQ technology, the shaver senses and adapts to you for the shaving experience that you have always desired.

SkinIQ technology

- High-speed shaving efficiency
- A shaver with the power to tame beards
- 50% smoother* gliding with Hydro SkinGlide Coating
- Personalise your shave

Premium experience

- One-touch open for easy cleaning
- Choose a convenient dry or refreshing wet shave
- Digital display with intuitive icons for convenience & ease
- Fully charge your shaver in one hour
- Keeping everything organised and protected
- Click-on nose trimmer for nose and ear hair
- Click-on beard styler with 5 length settings
- Convenient wireless charging

Our closest electric shave

Highlights

NanoTech Dual Precision blades

With up to 165,000 cutting actions per minute, the NanoTech Dual Precision blades deliver extremely close results at skin level. Now re-engineered with Guide & Cut System and hardened with nanoparticles, the 72 self-sharpening blades have extra-strong and long-lasting sharp edges for ultimate closeness at all times.

Hydro SkinGlide coating

Our best protective coating lies between the shaver heads and your skin. Made of up to 500,000 hydrophilic microtech beads per square centimetre, creating a 50%* smoother glide for maximum skin comfort.

Ultraflex Suspension system

Fully flexible heads completely adapt to every contour of your face, catching even difficult hairs. The result is an exceptionally smooth and comfortable shave.

Top-spin digital motor

Maximum rotations for maximum efficiency. The most advanced Philips digital motor ensures a precise shave for any facial contour or hair density.

Power Adapt sensor

The electric shaver has an intelligent facial-hair sensor that reads hair density 500 times per second. The technology auto-adapts the cutting power for an effortless and gentle shave.

Personal Comfort settings

Adjust the speed of your shaver and personalise your shaving routine to your own skin and preferences.

Wireless Qi charging pad

Plugging in cords in wet areas is a thing of the past. Simply lay your cordless electric shaver on the Qi charging pad for a wireless charge.

Shave wet or dry

A wet and dry shaver that adapts to your preference. Choose a convenient dry shave, or pair with your favourite foam or gel for a refreshing wet shave.

SmartClick beard styler

Change your look with the SmartClick Beard Styler. Choose from 5 length settings to create anything from a perfect stubble to a neatly trimmed short beard. The Beard Styler's rounded tips and combs are designed to prevent skin irritation.

Premium pouch

The S9000 Prestige Shaver comes neatly packed in a premium storage pouch, which also fits your accessories. Ideal for travel or keeping it safe when it's not in use.
