Highlights

Easy sterilisation and storage

The ultra soft travel case doubles as a steriliser, so all you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.

Flexible, soft shield

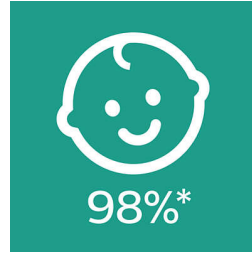

Sensitive skin needs extra care. Our shield technology lets this soother follow the natural curves of your baby's face for a comfortable fit. Your little one will experience fewer skin marks and less irritation.

Rounded shield

Our rounded shield minimises pressure for comfortable soothing that's gentle on your little one's cheeks.

98% teat acceptance*

When we asked mothers how their little ones respond to our textured silicone teats, an average of 98% said that their baby accepts the Philips Avent ultra soft and ultra air soothers.

Healthy oral development

Look after your little one's oral development with a symmetrical teat that respects the natural shape of the palate, teeth and gums.

Silky textured teat

This soother's silky, textured silicone teat soothes and comforts your little one.
