- 20%*** faster drying, with a powerful 2300 W airflow
- Cool air setting to finish your style

ThermoShield technology

- ThermoShield technology, for ultimate heat protection

5000 Series

Hair Dryer

BHD530/00

Highlights

ThermoShield technology

The overheat detect sensor actively optimises and controls the air temperature, protecting your hair from damage** caused by overheating. Enjoy a stress-free drying experience with ThermoShield technology.

20%*** faster drying

A more powerful airflow of 2300 W makes drying 20%** faster while still protecting your hair.

110 km/h air speed****

This hair dryer's high-performance motor has been developed for the professional market. It generates an air speed of up to 110 km/h****, for fast drying and impressive styling.

Mineral ionic care

Mineral ions reduce surface damage***** which can be caused by UV rays, making your hair smoother and more versatile.

4 x ionic care*

This powerful ionic system generates up to 80 million ions per drying session, intensifying your hair's shine, so you can enjoy glossy, frizz-free hair.

6 heat and speed settings

Easily pick the combination of heat and speed that works best for your hair and style. Six different settings ensure precise control for tailored styling.

Cool air setting

The cool air setting provides a burst of cold air to finish and hold your style.

11 mm styling nozzle

The slim nozzle precisely focuses the air for quick touch-ups and perfecting small details of your style.
