Beard trimmer

Beardtrimmer series  
1000

Stainless steel blades

DuraPower, 60min cordless use

USB charging

4 stubble and beard combs

BT1215/15

## Durable consistent performance with DuraPower Self-sharpening stainless steel blades

The DuraPower technology ensures a long-lasting battery performance, while the self-sharpening stainless steel blades trim consistently as on day 1. This trimmer can also be charged with a micro-USB cable and runs for up to 60 minutes.

### Easy to use

- Longer lasting battery
- Simple maintenance
- Easy to grip
- Up to 60 minutes of cordless use after 8 hours charging
- USB charging for convenient use
- Travel lock prevents trimmer from accidentally starting
- Lights indicate when battery is low or charging

### Built to last

- Warranty for purchase protection

### Trimming performance

- Get a perfect but protective trim
- Choose beard lengths of 1-3-5-7mm or the zero trim look
- Skin-friendly blades for smooth skin

# Highlights

## Self-sharpening blades

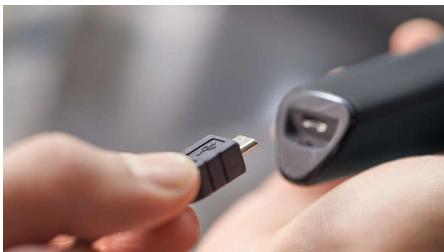

The self-sharpening steel blades on the Philips 3000 beard trimmer stay as sharp and effective as on day 1 to deliver a perfect yet protective trim, time after time.

## DuraPower technology

This beard trimmer uses DuraPower technology to reduce friction on the blades, preserve the motor, and keep your battery going four times longer.

## 60 min cordless use

Charge your trimmer for 8 hours with your USB cable to get 60 minutes of cordless use.

## USB charging

This beard trimmer comes with a USB cable for more flexible charging via your computer or any USB adaptor. The adaptor is not included (recommended adaptor Philips HQ80).

## Choose any of the 5 looks

You can choose from 1mm stubble comb or any of the 3mm, 5mm or 7mm beard combs, to get the beard length you want. Alternatively, you can remove the comb and get the zero trim look of 0.5mm.

## Battery indicators

The battery indicators in this trimmer let you know what your battery status is: low or charging. This way, you can charge

your trimmer on time and you won't end up with an empty battery in the middle of your trim.

## Skin-friendly blades

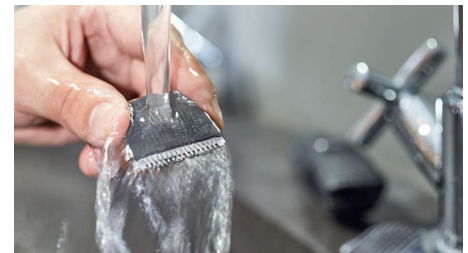

Designed to prevent scratches and irritation, the blades have rounded tips for smoother skin contact.

## Travel lock

The travel lock on the on/off button prevents the appliance from being switched on by accident.

## Easy to clean

Detach the head of your Philips beard trimmer and rinse it under the tap for easy cleaning. Then dry it before you put it back on the appliance.
