SilkProtect technology

Ceramic titanium plates

60 secs heat up time

Ionic care

BHS397/40

Style it up. Smooth it down.
With instant* shine.

Our KeraShine Titanium straightener delivers the style with instant shine while being gentle on hair. The SilkProtect technology and ceramic plates glide gently through your hair, while optimizing temperature for less heat exposure.

Ease of use

- Fast heat-up time, ready to use in 60 sec
- 1.6m cord
- A useful swivel cord rotates and prevents tangled wires
- Key-lock function for safe and easy storage
- Universal voltage for worldwide use

Beautifully styled hair

- 2 temperature settings at 190°C and 210°C
- 210°C styling temperature
- KeraShine Titanium plates for fast heat transfer and shine
- Long plates to straighten or to create waves

Care and protect

- SilkProtect Technology cares for your hair
- Ionic care for shiny, frizz-free hair

Highlights

Kerashine Titanium Plates

Constructed with ceramic plates infused with keratin and titanium, the Kerashine Titanium plate system allows for fast heat transfer for beautiful styling performance and ultra smooth gliding for visibly shiny silky hair.

SilkProtect Technology

The SilkProtect technology ensures optimized temperature to minimize the heat exposure, leaving hair with a silky-smooth look.

Ionic care

Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth, frizz-free hair with vibrant shine.

Long plates

The SilkProtect technology ensures optimized temperature to minimize the heat exposure, leaving hair with a silky-smooth look.

Fast heat-up time

The straightener has a fast heat-up time, being ready to use in 60 seconds.

1.6m cord

1.6 meter cord for maximum flexibility

Swivel cord

The swivel cord technology conveniently rotates the cord and prevents unnecessary tangles.

Key-lock function

The plates can be locked together for safe and easy storage.

Universal voltage

Compatible with 110–240 volts. Can be used wherever you travel in the world.

2 temperature settings

2 temperature settings at 190°C and 210°C. Lower temperature for last minute touch ups and gentle styling. Higher temperature for long lasting results.

210°C styling temperature

The high temperature enables you to change the style of your hair to achieve the look you want.
