

# PHILIPS

Beard trimmer

Beardtrimmer series  
3000

0.5mm precision settings

Titanium-coated Blades

90 min cordless use/1h charge

Lift & Trim system

BT3221/15

## Effortless even trim

Lift & Trim system cuts 30% faster\*

This trimmer with the innovative Lift & Trim system lifts and captures more low-lying hairs for efficient, even trimming results. This way you will easily achieve the 3-day stubble, short beard or long beard look you want.

### Easy to use

- Longer lasting battery
- Simple maintenance
- Easy to grip
- Store and go
- Adjusts to different length settings
- 90 minutes of cordless use or plug it in
- Lights indicate when battery is low, empty, full or charging

### Easy even trimming

- Trims evenly and captures low-lying hairs
- Skin-friendly blades for smooth skin
- Superior cutting performance with titanium-coated blades

### Built to last

- 3 year\* warranty, worldwide voltage, no oil needed

# Highlights

## Lift & Trim system

Perfect for stubble, the Philips beard trimmer features our new Lift & Trim system: a comb that lifts and guides the hairs to the level of the blades for an even trim.

## Titanium blades

Get a perfect yet protective trim, time after time. The trimmer's titanium-coated steel blades lightly brush against one another, sharpening themselves as they trim so they stay extra sharp and effective as on day 1.

## DuraPower technology

This beard trimmer uses DuraPower technology to reduce friction on the blades, preserve the motor, and keep your battery going four times longer.

## Skin-friendly blades

Designed to prevent scratches and irritation, the blades have rounded tips for smoother skin contact.

## Precision Dial - 20 settings

An effective beard trimmer that cuts to the exact length you're after. Just spin the zoom wheel to one of 20 length settings between 0.5 and 10mm in 0.5mm increments.

## 90 min corded/cordless use

Charge your trimmer for 1 hour to get 90 minutes of cordless use or use it plugged in while charging.

## Battery indicators

The battery indicators in this trimmer let you know what your battery status is: Low, empty, charging or full. This way, you can charge your trimmer on time and fully, so you won't end up with an empty battery in the middle of your trim.

## Easy to clean

Detach the head of your Philips beard trimmer and rinse it under the tap for easy cleaning. Then dry it before you put it back on the appliance.

## Ergonomic design

A fast trimmer that's comfortable to hold and use. So you can handle those hard-to-reach areas more easily.

## Built for durability

We back this Philips trimmer with a 3 year\* worldwide warranty. You'll never need to oil it, and it's compatible with all worldwide voltages.
