Highlights

V-Track Precision PRO Blades

Get the perfect close shave. The V-Track Precision PRO Blades gently position each hair in the best cutting position on 3 day stubble, even flat-lying hairs and hairs of different lengths. Cuts 30% closer in fewer strokes, leaving your skin in great condition.

72 self-sharpening blades

72 self-sharpening blades. 151,000 cuts per minute. Zero hairs left standing—no matter which direction they're growing in.

SkinGlide rings

Experience a more comfortable shave with anti-friction SkinGlide rings coated with microspheres. Thousands of tiny glass-like rounded spheres reduce friction and surface resistance between the shaver and the skin. This gives the shaver a smooth, easy glide and helps protect against skin irritation.

5-direction Dynamic Flex Heads

Our shaver heads flex easily in five directions, gently following all the contours of the face and neck. Less pressure is needed to shave closely and skin stress is minimised.

Aquatec Wet & Dry

Choose how you prefer to shave. With the Aquatec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet – with gel or foam – even under the shower.

60 min Cordless Shaving

You'll have 60 minutes of running time - that's about 20 shaves - on a one-hour charge. This shaver only operates in cordless mode.

1 hour charging time

Shave longer with every charge, thanks to our powerful energy-efficient, long-lasting lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave.

Fully washable shaver

Simply open the shaver head to rinse it thoroughly under the tap.

SmartClick precision trimmer

Click on our skin-friendly precision trimmer to finish your look. It's ideal for maintaining your moustache and trimming your sideburns.
