Highlights

Ceramic EHD Radiant heat

The ceramic heat element produces radiant heat for effective drying with added protection

EHD Technology

The Even Heat Distribution element ensures optimal airflow distribution for quick drying while protecting the hair

Ultra narrow concentrator 15mm

The concentrator works by directing the flow of air through the ultra narrow opening on to specific areas. This results in very precise styling and is great for touch ups or to finish a style.

LED indication display

for full best experience in usage and control feedback

Blue LED ION indicator

Blue LED ION indicator

Modern slim professional design

with super airflow and improved ergonomics

12 settings

12 settings for full control in drying and styling

Ionic Breeze

conditioning, reduces frizz and static making hair more shiny and manageable

Real cold shot

Real cold shot to fix long lasting styles

Free Tresemmé ceramic straight

Free Tresemmé ceramic straightening brush

Professional 2000W

This 2000W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.
