## Instantly ready with extra control

Easily straighten and style your hair at home

Straighten and style your hair with this easy to use Philips Selfie straightener. This product makes styling at home quick and convenient and includes two temperature settings for extra control. Look your best for all those selfie moments.

### **Ease of use**

- A useful swivel cord rotates and prevents tangled wires
- Use anywhere in the world with universal voltage

### **Beautifully styled hair**

- Ceramic plates for smooth gliding and straight hair
- 210°C professional high heat for perfect salon results
- Fast heat up time, ready to use in 60 seconds
- Extra care and control with 2 temperature settings
- Long plates for fast and easy straightening
- Silky smooth plates and less heat exposure

# Highlights

## SilkPro Care

Enjoy style and care with the Philips SilkPro Care technology. Plates smoother than silk glide through your hair with optimized temperature, minimizing friction and resulting in less heat exposure. For beautifully straightened silky smooth hair.

## Ceramic plates

Infused ceramic plates for ultrasmooth gliding and straight hair.

## Variable Temperature Control

The temperature settings allow you to adjust the styling temperature to 190°C or 210°C for extra care at lower temperatures and more control over your preferred styling setting.

## 210°C professional high heat

This high temperature enables you change the shape of your hair and gives you that perfect look like you've just come from the salon.

## Rapid heat-up

The straightener has a fast heat-up time, being ready to use in 60 seconds.

## Swivel cord

The swivel cord technology conveniently rotates the cord and prevents unnecessary tangles.

## Universal Voltage

This straightener is ready to use anywhere in the world and is compatible with 110-240 voltage.

## 90mm long plates

The straightening plates have a professional length of 90mm, leading to faster and easier straightening.
