A light, breathable soother

Extra-large air holes let your baby's skin breathe

Soothe your baby with a soother that lets its skin breathe. The Philips Avent ultra air has extra-large holes to keep skin dry. Its lightweight shield is designed for maximum air flow. Available in various colours and designs.

Keeps your baby's skin soft and dry

- Lets skin breathe

Sterilise and store in one handy case

- Sterilise and store in one handy case

Smooth teat for extra comfort

- Loved by babies worldwide*
- The ideal texture for a feeling of comfort
- Respects the natural shape of the palate, teeth and gums

Highlights

Easy sterilisation and storage

The ultra air travel case doubles as a steriliser, so all you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.

98% teat acceptance*

When we asked mothers how their little ones respond to our textured silicone teats, an average of 98% said that their baby accepts the Philips Avent ultra soft and ultra air soothers.

Extra ventilation

Extra large air holes gently ventilate your baby's skin, keeping it soft and dry.

Smooth teat

Every detail of the ultra air soother is designed to feel light and comfortable, including the smooth teat.

Healthy oral development

Look after your little one's oral development with a symmetrical teat that respects the natural shape of the palate, teeth and gums.
