Highlights

Skin comfort system

Designed to be safe and comfortable for the underarms, chest and abs, back and shoulders, groin area and legs. The skin comfort system catches and cuts hairs of different lengths, without the need for multiple tools or skin contact with sharp edges. The bi-directional trimmers cut longer hairs, which are shaved by the foil for a closer result.

Skin-friendly tips and foil

The skin comfort system features a hypoallergenic foil and rounded tips to protect your skin while shaving.

3 combs included, 3-7 mm

3 combs included for different body hair lengths. Attach the combs to the shaving

system to trim hair to fixed length settings of 3 mm, 5 mm or 7 mm. You can use the shaving system without the combs for a closer result. For thicker hair, pre-trimming with the fixed combs is recommended.

Shave your back

Conveniently remove back hair. This attachment has been specially designed for convenient back grooming.

Rechargeable battery power

High-power NiMH battery for full-body use, with 50 minutes of cordless use after a 1-hour charge. The battery light indicates power status when the battery is low or full.

100% showerproof

Provides a comfortable and close result in and out of the shower. The body groomer is 100% showerproof, so you can simply rinse it clean when you've finished. For longer hair, trimming performance may be better on dry hair.

Ergonomic grip

Your body groomer is easy to hold and manoeuvre, with a rubber ergonomic grip to help you keep control while you trim.

Built to last

All of our grooming products are built to last. They come with a 2-year warranty and they never need to be oiled.
