Less mess vacuum trimmer

Integrated vacuum captures up to 90% of cut hair*

Trim your beard, moustache and sideburns while keeping tidy with this trimmer. Its powerful vacuum catches cut hair as you go along, giving you a mess-free trim.

Easy to use

- Simple maintenance
- 2-year guarantee, worldwide voltage and no need to oil
- 60 minutes' run time after a 1-hour charge or plug it in
- Lights indicate when battery is low, empty, full or charging
- Adjusts to different length settings

Even trimming results

- Double-sharpened stainless steel blades for faster trimming
- Precision trimmer for finishing up in hard-to-reach areas
- Lifts and guides hairs for an effortless even trim

Vacuum system

- Guaranteed less mess with integrated vacuum

Highlights

Integrated vacuum system

Trim your beard, moustache and sideburns while keeping tidy with this trimmer. Its powerful vacuum catches cut hair as you go along, giving you a mess-free trim.

Innovative lift-and-trim system

Trim your stubble in one quick stroke. Our innovative lift-and-trim system raises each hair and then guides it towards the double-sharpened stainless steel blades. The result is even stubble or an even trim in just one go.

Double-sharpened blades

Strong steel blades are double-sharpened and made to last a very long time to cut through even thick hair. They sharpen themselves by lightly brushing against each other as you trim.

20 lock-in length settings

Cut to the exact length you're after. Just spin the precision dial to one of 20 length settings between 0.5 – 10 mm in 0.5 mm increments.

Corded and cordless use

Charge your beard trimmer for 1 hour to get 60 minutes of cordless use. If you need more energy while trimming, you can simply plug the trimmer into the wall. This trimmer has been designed to work both cordlessly and while plugged in.

Battery indicators

The battery indicators in this trimmer let you know what your battery status is: low, empty, charging or full. This way, you can fully charge your trimmer on time, so you won't end up with an empty battery in the middle of your trim.

Precision trimming

When you have finished trimming, just click on this precision trimmer to finish up your style by defining details and edges or trimming your moustache.

Easy to clean

Detach the head of your Philips beard trimmer and rinse it under the tap for easy cleaning. Then dry it before you put it back on the appliance.

Built to last

We back this Philips trimmer with a 2 year guarantee: our grooming products are built to last. You'll never need to oil it, and it's compatible with all worldwide voltages.
