Easy care for your hair

The new Philips essential care hair dryer is cute, compact and powerful. 400W power enables you to dry hair gently and quickly. Flexible caring settings are designed to meet different drying needs and offer extra care.

Easy to use

- 3 flexible pre-selected drying settings for different needs
- Compact design for easy handling and carrying
- Foldable handle for easy portability
- Fast air setting for efficient but gentle drying

Beautifully styled hair

- 400W for beautiful results
- Concentrator focuses the airflow for a polished, shiny look
- Brush diffuser for easier hair management while drying

Less hair damage

- ThermoProtect temperature setting
- Cool air setting for extra gentle drying

Highlights

400W

This 400W hairdryer creates the optimum level of airflow and gentle drying power, for beautiful results every day.

ThermoProtect

The ThermoProtect setting provides the optimal drying temperature while giving additional protection. The ThermoProtect optimal airflow and heat combination allows you to quickly dry your hair without overheating, maintaining your hair's natural moisture level, for shiny healthy looking hair.

Cool air setting

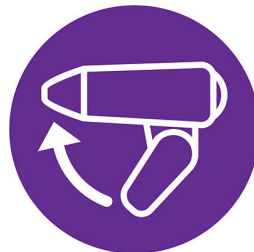

A cool air setting allows you to dry hair at relatively low temperature to minimize damage, which is suitable for especially fine, dry and damaged hair. And it is a perfect setting for the hot summer season!

3 pre-selected drying settings

This compact hair dryer offers you 3 pre-selected heat & speed settings for cool, caring or quick drying.

Foldable handle

This hairdryer benefits from a foldable handle. The result is a small, compact hairdryer that will pack easily into even the smallest spaces and that you can take virtually anywhere.

Compact size

Compact and ergonomic, this hairdryer benefits from a clever modern design. This results in a dryer that is light and easy to handle.

Brush diffuser

Brush diffuser is designed for easier drying plus simple styling. You could brush hair at the same time of drying, which makes hair more smooth and neat-look compared to simple drying. Only need one hand, your hair management can ever be so simple.

Nozzle

Concentrator focuses the airflow for a polished, shiny look

Fast air setting

Fast air setting (II) offers higher temperature and more powerful air flow. Although the size is compact, the power of 400w enables you to dry your hair in an efficient & gentle way.
