Highlights

230°C professional temperature

This high temperature enables you change the shape of your hair, and gives you that perfect look, as if you've just come from the salon.

Care for your hair

Protective ceramic coating with Keratin infusion, for better care of your hair

Gentle vibrating plates

Gentle and pleasant vibrations evenly distribute the hair over the plates so that each hair benefits from the care effects.

Ion Conditioning

Ion Conditioning for shiny, frizz-free hair

Digital settings

Digital settings with adjustable heat to get smooth results with all hair types

Instant heat up

The straightener has a fast heat up time, being ready to use in 30 seconds

Safe usage

Some hair straighteners and curling irons have been equipped with an automatic shut-off feature. This feature has been designed to provide peace of mind. If left on, the appliance will automatically switch off after 60 min.

Easy lock

Easy lock for convenient storage

Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

Included: heat resistant pouch

Included: heat resistant pouch

Style refresh

Automatic setting for healthy restyling. Maintain your style all day, while respecting the quality of your hair

Ready-to-use indicator

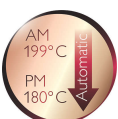

This shows when the styler has reached the right temperature, so you can instantly see when you're ready to style.

Universal voltage

Worldwide voltage for the perfect travel companion
