Highlights

ProMix blending technology

Developed together with the prestigious Stuttgart University, Philips ProMix is a unique, advanced technology that uses a specific triangular shape to create optimal food flow and maximum performance for faster and more consistent blending.

XL Chopper accessory

With the XL chopper accessory (1000ml) for a Philips hand blender you can chop large quantities of meat, herbs, nuts, cheese, chocolate and onions in seconds.

Whisk accessory

Single whisk accessory for Philips hand blender for whipping cream, mayonnaise, pan cake

batter and more. Makes your hand blender multifunctional and versatile.

Stainless steel knife

This Philips hand blender has a hardened stainless steel blending knife. The shape of the knife is optimized to deliver with the ProMix triangular handblender blending bar the best blending results. It is food safe and will not corrode.

2 year guarantee

With 2 years world-wide warranty.

Anti-splash blade guard

The special wave shape in the bottom part of the handblender blending bar guarantees no splashes or mess while you blend.

Ergonomic rubber grip

Ergonomic soft touch handgrip, designed to give a secure and safe grip which allows for easy holding and maneuvering of the hand blender during use.

Single-Button Release System

Simple, quick and easy attachment and detachment of the blending bar and all the accessories with the use of one finger.

SpeedTouch with Turbo boost

Intuitive variable speed setting and turbo boost in one button that gives you more power as you squeeze. Start slowly to prevent splashing and smoothly speed up till you reach the required speed for each application and every type of ingredient. Prepare all your favorite recipes at the touch of a button.
