# Highlights

## Compatible with Series 9000

SH90 replacement heads are compatible with Series 9000 Shaver (S9xxx), 8000 (S8xxx), Star Wars shaver SVW9700 and SVW6700.

## V-Track Precision Blades

The patented V-Track Precision Blades gently position each hair at the best cutting angle — even hairs that are flat or different lengths. This allows you to cut 30% closer in fewer strokes, leaving your skin in great condition.

## Super Lift & Cut Action

Shave closer with the dual-blade Super Lift and Cut action. The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.

## Replacement reminder

The latest Philips shavers have an inbuilt replacement reminder in the form of a shaving unit symbol. This symbol will light up and indicate when to replace the shaving heads.

## Simple replacement

1. Pull off the shaving head holder. 2. Replace the shaving heads with new ones. 3. Reattach

SH90/50

the shaving head holder. 4. To reset the shaver, press and hold the on/off button for more than 5 seconds.

## How to reset your shaver

After replacing the shaving heads, you can reset the replacement reminder by pressing the on/off button for more than 7 seconds. Otherwise, the replacement trigger will turn off automatically after 9 successive shaves.

## Reset your shaver to new

To get back to 100% performance, replace your shaving heads every 2 years.
