- Safe to use on delicate fabrics, like silks

PHILIPS

Highlights

Active stretching

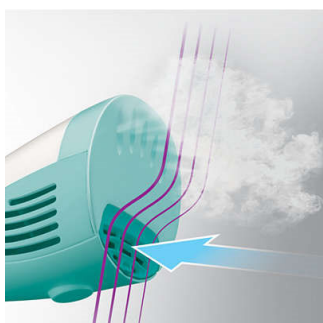

The suction function within the steamer head actively stretches the garment for optimal results.

Better crease removal

The suction function within the steamer head brings the garment closer to the steam for enhanced steam penetration and better crease removal.

Less effort

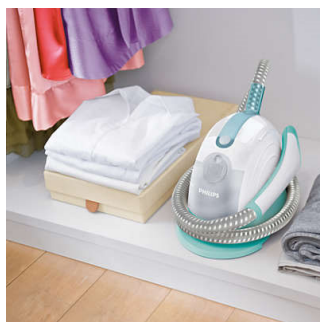

The suction function within the steamer head keeps the garment close to the steamer head making it easier to handle.

Powerful continuous steam

Powerful continuous steam is blown through the nozzles, enabling you to remove creases with only a few strokes.

Easy to use

The steamer is very easy to use. The compact and portable design makes the steamer easy to carry and store.

No ironing board needed

By using the steamer you do not need an ironing board anymore, which makes ironing hassle-free.

Even for delicates like silks

The steamer is safe to use on all garments. It is a great solution for delicate fabrics like silks.
