BT7500/15

Less mess vacuum trimmer

Philips' No. 1 in tidy trimming

Trim your beard, moustache and sideburns while keeping tidy. The new Philips Vacuum Trimmer has an improved, high performance system with 50% stronger* airflow. It captures cut hair effectively, giving you a mess-free trim.

Easy to use

- Warranty for purchase protection
- Simple maintenance
- Up to 75 min runtime after a 1 hour charge, or plug it in
- Lights indicate when battery is low, empty, full or charging
- Adjusts to different length settings

Even trimming results

- Trims evenly and captures low-lying hairs
- Self-sharpening blades for zero maintenance
- The precise beard trimmer for perfect edges

Less mess vacuum trimmer

- Improved airflow for a mess-free trim

Highlights

High performance vacuum system

The high performance vacuum system of the Philips beard trimmer 7000 provides 50% stronger, improved airflow* to capture up to 95% of cut hair**, and give you a mess-free trim.

Lift & Trim PRO system

Stubble doesn't stand a chance. The Lift&Trim Pro system captures all your low-lying hairs and lifts them up toward the blades for a precise cut – whilst still being an ideal trimmer for long beards too.

Self-sharpening metal blades

Suitable for even the thickest hair, the double-sharpened blades guarantee precision edges and superior trimming every time. No oil or replacement blades required.

20 lock-in length settings

Cut to the exact length you're after. Just spin the precision dial to one of 20 length settings between 0,5 - 10mm in 0.5mm increments.

Precision trimmer

Add extra definition to the details, even in hard to reach areas, with the click-on precision trimmer.

75 min corded/cordless use

Charge your beard trimmer for 1 hour to get up to 75 minutes of cordless use, or simply use it plugged into the wall. Otherwise the quick charge function gives you a full trim after just 5 minutes of charging.

Battery indicators

The battery indicators in this trimmer let you know what your battery status is: Low, empty, charging or full. This way, you can charge your trimmer on time and fully, so you won't end up with an empty battery in the middle of your trim.

Easy to clean

Detach the head of your Philips beard trimmer and rinse it under the tap for easy cleaning. Then dry it before you put it back on the appliance.

Built to last

All of our grooming products are built to last. They come with a 2 year warranty, never need to be oiled and are compatible with any voltage worldwide.
