Smart pivot, shaves closer

Aquatec adds power to your morning with more minutes per charge, fully washable heads and DualPrecision heads, that give you a cleaner shave. The Aquatec seal ensures a comfortable dry shave and a refreshing wet shave.

Easy to use

- Up to 50 shaving minutes, 1 hour charge
- For easy cleaning, and wet & dry use
- Perfect for trimming your sideburns and moustache

Close shaving performance

- Patented Super Lift & Cut blade raise hairs to cut closer
- Effectively shave long hairs & short stubble

Comfort Contour Following

- Heads Pivot and Flex to follow every curve for comfort

Skin friendly

- Aquatec: refreshing wet shave with foam or an easy dry shave
- Glides smoothly over the curves of your face
- Low- friction SkinGlide for an extra smooth shave

Highlights

(Patented) Super Lift & Cut

The first blade raises each hair while the second blade comfortably cuts it below skin level, for a really smooth result.

Aquatec wet and dry

The AquaTec seal on the Philips electric shaver makes it 100% waterproof. Use it in the shower with your favorite shaving gel or foam for extra skin comfort. Naturally you can also shave dry for convenience

Cordless use only

An efficient, powerful lithium-ion battery gives you more shaves per charge. Charge it for an hour and you'll have up to 50 minutes of shaving time – that's around 17 shaves. Charge it for 3 minutes and you'll have enough power for one shave.

DualPrecision heads

DualPrecision heads comfortably shave both long hairs and short stubble. 1. Slots cut long hairs. 2. Holes cut stubble.

Pivoting and Flexing Heads

Flexing heads stay in close contact with your skin, while the pivoting neck adds an extra dimension of movement – all giving you a close, fast, and comfortable shave.

Pop-up trimmer

Complete your look by using the Pop-up trimmer. Perfect for maintaining a moustache and trimming sideburns.

Skin protection system

Rounded low-friction heads adjust to the contours of your face to limit skin irritation.

SkinGlide system

The low-friction SkinGlide shaving surface slides smoothly along your skin for a close, easy shave.

Water-resistant

Simply pop the head open, and thoroughly rinse it under the tap.
