- Velvety milk foam with the Classic Milk Frother

Advanced technology designed for coffee perfection

- 20,000 cups of finest coffee with durable ceramic grinders
- Enjoy hot coffee in no time with the Quick Heat Boiler

 **Saeco**

Highlights

100% Ceramic grinders

Our grinders are made of high-tech ceramic: exceptionally hard and precise. Fresh beans are gently ground, without risk of overheating: extracting all the best flavors and aroma, delivering a superior coffee taste for at least 20,000 cups.

Classic Milk Frother

The Classic Milk Frother is for those who love to assume the role of master craftsman, and it's just easy. Within seconds you can create a rich, silky layer of foam - the crowning glory of your coffee.

Quick Heat Boiler

When time is of the essence, you can brew perfect espresso and cappuccino without the wait, thanks to the Quick Heat Boiler. The secret is in its light aluminum and stainless steel body, which can reach hot temperatures, fast.

10-settings adjustable grinder

When it comes to the fineness of the grind, this machine never fails to satisfy. Different coffee blends require different levels of granularity for the full flavour to unfold. So the grind granularity of this machine has ten adjustable settings – from the finest grind for a full-bodied espresso, to the coarsest for a lighter coffee.

Customize your coffee

Choose your ideal strength from the 5 different settings, select the length and the temperature. You can easily save your desired coffee length with the Memo Function for each drink. Then every cup in the future will be customised exactly to your taste. You'll never have to remind it again, unlike the local barista.

Coffee at one touch

From Espresso to Cappuccino, there is an assortment of options waiting to satisfy your coffee cravings. Whether it's first thing in the morning or an after dinner treat, there's a taste for any time of the day, right at your fingertips.

Specifications

Replaceable part

- Fits product types: CA6903

Weight and dimensions

- Dimensions of product (WxDxH): 256 x 340 x 444 mm

Country of origin

- Made in: Italy

Technical specifications

- Power: 1850 W

General specifications

- Ease of cleaning & maintenance: Automatic rinse cycle, Removable brewing group
- Customizing per drink: Adjustable coffee strength, Adjustable cup volume, Adjustable temperature
- Ease of use and comfort: Removable spout,

- Automatic stand-by, Removable water tank
- Special functions: Ceramic grinder, Hot water option, Ground coffee option, Pre-brewing

Design

- Color: Glossy Black

Weight and dimensions

- Weight of product: 8.9 kg

Sustainability

- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

Finishing

- Material of main body: Plastic
- Material panarello: Plastic

Sustainability

- ECO setting
