The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.

Fully washable shaver

Simply pop the heads open, and rinse thoroughly under the tap.

Dynamic Contour Response

Automatically adjusts to every curve of your face and neck for a smoother shave.

45+ shaving minutes

An energy-efficient, powerful lithium-ion battery gives you more shaves per charge. You'll have 45+ minutes of shaving time – that's around 15 shaves – after 8 hours of charging. Plug it in for 3 minutes and you'll have enough power for one shave.
