- Click-on beard styler with 5 length settings

Highlights

V-Track precision blade system

Get the perfect close shave. The V-Track Precision Blades gently position each hair in the best cutting position, even the flat-lying and different lengths of hairs. Cuts 30% closer in less strokes leaving your skin in great condition.

8-direction ContourDetectHeads

Follow every contour of your face and neck with 8-directional ContourDetect heads. You'll catch 20% more hairs with every pass. Resulting in an extremely close, smooth shave.

Super Lift & Cut Action

Shave closer with the dual-blade Super Lift & Cut action. The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.

Personal comfort settings

Choose between 3 modes to customize your shave: Sensitive – for a gentle, yet thorough shave. Normal – for a thorough, everyday shave. Fast – for a quick shave that saves you time.

Aquatec Wet & Dry

Choose how you prefer to shave. With the Aquatec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet – with gel or foam – even under the shower.

SmartClean System PLUS

At the touch of a button SmartClean PLUS cleans, lubricates, dries and charges your shaver, so it'll perform at its best every day.

SmartClick beard styler

Change your look with the SmartClick Beard Styler attachment. Choose from 5 length settings to create anything from a perfect stubble look to a short, neatly trimmed beard. Rounded tips and combs are designed to prevent skin irritation.

5 level LED display

You can easily see how much power is left with the 5-level LED display. Your Philips close shaver will not only tell you when it's time to charge, it has indicators for locking, cleaning and replacing the head.

50 minutes of cordless shaving

Our advanced charging system gives you two convenient options: charge for one hour and you'll get 50 minutes of running time, or do a quick charge for one full shave. All 9000 Series Shavers contain a powerful energy-efficient, long-lasting lithium-ion battery. They are designed to operate only in cordless mode, to ensure you'll always be safe when shaving with water, even under the shower.
