- Quad Stream technology for faster, more effective flossing

Let the DiamondClean 9000 adapt to your needs

- Personalised brushing experience

PHILIPS

Electric toothbrush & cordless water flosser bundle

QuadStream technology Removes up to 99.9% of plaque, 2 flossing modes, 3 intensities, Including charging glass

Highlights

Quad Stream technology

Unique X-shaped Quad Stream tip separates flow into 4 water jets, which cover more surface area between teeth and along the gum line. Get a faster, deeper clean without the hassle of string floss.

Pulse Wave technology

Gentle pulses of water keep you going and guide you from tooth to tooth in Deep Clean mode, so you get it right every time.

2 modes, 3 intensities

Choose the clean that suits your smile. Clean mode delivers continuous flow for effective

everyday cleaning. Deep Clean pulses for more thorough cleaning. Adjustable intensity level adapts for comfort.

Complete clean in 60 seconds

Access those hard-to-reach areas with a nozzle that rotates 360 degrees, so that you can use the device in any orientation. Get a thorough 360° clean in just 60 seconds from start to finish.

USB-C Charging

Convenient charging with a USB-C cable uses the same connection as most mobile phones or tablets. Get up to 14 days of cleaning from a single charge.

HX3866/41

4 modes, 3 intensities

The DiamondClean 9000 comes with Clean, White+, Gum Health and Deep Clean+ to take care of your brushing needs. Clean mode is for exceptional everyday cleaning, White+ is for removing stains, Gum Health provides a gentle yet effective clean for gums and Deep Clean+ gives you an invigorating deep clean. Three intensities allow you to choose between a higher setting to boost your clean and a lower one for more sensitive mouths.

Philips Sonicare technology

Powerful sonic vibrations whip up your toothpaste into plaque-fighting bubbles and drive them deep between your teeth and along your gum line. You'll get a month's worth of manual brushing in just 2 minutes.

Standard tip for spot cleaning

A standard single-stream tip boosts pressure for spot cleaning and removing food debris when you need it.

Electric toothbrush & cordless water flosser bundle

QuadStream technology Removes up to 99.9% of plaque, 2 flossing modes, 3 intensities, Including charging glass
