Hairclips

Use the hairclips to make sections, this will help you to style all your hairs easily.

Cool tip

The tip of the styler is made from a special heat insulating material to keep it cool; you can safely hold it while you're styling for optimal ease of use.

Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

Ready to use indicator

This shows when the styler has reached the right temperature, so you can instantly see when you're ready to style.
