- Can be placed in the fridge to cool teether

BPA Free

- Philips Avent teethers are completely BPA & Phthalate Free

Hygienic

- Easy to clean with warm water

Distracts your baby from teething discomfort

- Colorful and playful features to encourage play

High quality

- Complies with all international safety standards

Highlights

Easy to clean with warm water

This teether is ergonomic for your baby to hold with round edges. This means it is also easy to clean and the shape doesn't allow to get trapped easily. Just rinse with warm water and it is ready to use again!

Textures cool and massage gums

This gel filled teether can be cooled in refrigerator to provide cool pressure to soothe your baby's teething pains. The different textures also gives varying levels of pressure to suit your baby's liking.

BPA & Phthalate Free

BPA free - following EU Directive 2011/8/EU.
